To issue a summons.

On September 21, 2023, Mr. Coreas reviewed and signed his supervised release conditions, acknowledging his understanding of his conditions.

The probation officer believes that the offender has violated the following condition(s) of supervision:

Violation Number Nature of Noncompliance

Supporting Evidence: Mr. Coreas is alleged to have violated his supervised release conditions by using methamphetamine on or about January 9, 2025.

On January 10, 2025, Mr. Coreas provided a urinalysis that was presumptive positive for methamphetamine. After initially being deceitful when questioned about his last relapse, Mr. Coreas admitted to the undersigned, and via a signed document, that he last used methamphetamine on or about January 6, 2025.

3 **Standard Condition #4:** You must be truthful when responding to questions asked by your probation officer.

Supporting Evidence: Mr. Coreas is alleged to have violated his supervised release conditions by being untruthful with his probation officer on January 10, 2025, in respect to his subsequent substance abuse relapses.

On January 10, 2025, the undersigned inquired with Mr. Coreas about his confirmed positive urinalysis on December 30, 2024. When questioned if he had recently relapsed, he adamantly denied any type of substance abuse relapse. Upon providing a urinalysis that tested presumptive positive for methamphetamine, Mr. Coreas ultimately admitted to a U.S. probation officer that he last used methamphetamine on or about January 6, 2025. On January 13, 2025, Mr. Coreas admitted to the undersigned regarding his subsequent relapses and apologized profusely for his initial dishonesty.

4 **Special Condition #3:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: Mr. Coreas is alleged to have violated his supervised release conditions by using methamphetamine on or about January 23, 2025.

On January 24, 2025, Mr. Coreas provided a urinalysis that tested presumptive positive for methamphetamine. Thereafter, Mr. Coreas readily admitted to the undersigned, and via a signed document, that he last used methamphetamine on or about January 23, 2025.

The U.S. Probation Office respectfully recommends the Court issue a summons requiring the offender to appear to answer to the allegation(s) contained in this petition.

I declare under penalty of perjury that the foregoing is true and correct.
